Disclosure #7: In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have a container so that the grave will not sink in. Either a burial "vault" or a "grave box" will satisfy these requirements.

Non-Sealing Grave Liner

*This container prevents the ground from caving in on the casket.
 This container does not effect the entrance of ground water & moisture.*

Grave Liner \$680
Concrete exposed concrete

Sealing Vault

*This container prevents the ground from caving in on the casket
 and the entrance of ground water & moisture.*
